

LEAN PROJECT MANAGEMENT WORKSHOP

LEAN THINKING LTD in collaboration with Buildoffsite, Ministry of Justice and ISG is delighted to announce the spring 2012 workshop. The workshop will be delivered by **Ali Mafi** of Lean Thinking Ltd. This workshop will include contributions from the Ministry of Justice and ISG drawn from their experiences of applying the lean project management system on their projects.

Objectives

The Workshop will provide delegates with the overview of the most advanced project management system utilising **Lean Thinking** philosophies in conjunction with methodologies such as **Theory of Constraint, Systems Thinking, Self managing Teams, Integrated Planning** and **6 Sigma**. Each new learning point will be illustrated with reference to from some of the UK's leading clients and Contractors. The tangible business benefits of this unique system will also be demonstrated.

At a time of unprecedented economic challenge for the industry the workshops will demonstrate the best system for radically improving performance and increasing value to clients and at the same time improving competitiveness and profitability.

The Workshops will provide an overview of how to:

- Radically improve delivery against key criteria of time, cost and quality simultaneously and without trade off.
- Maximise the predictability of contract completion date.
- Optimise the project duration.
- Compress time and in turn reduce cost and maximise competitive advantage.
- Absorb impact of delay without effecting the end date.
- Radically improve integration and team working across the supply chain.

Delivery

This unique interactive workshop will be delivered by Ali Mafi of Lean Thinking Ltd. For more than 10 years Ali has been working with some of the UK's leading construction clients and their supply chain partners to help deliver substantial improvements in project completion time whilst achieving significant cost reduction.

Who should attend?

The Workshop has been developed for senior managers and decision takers from organisations representing clients (public or private sector), architects, consultants, contractors, sub-contractors, SMEs, modular manufactures and suppliers. To date these workshops have attracted more than 1200 senior managers and executives from across the client and construction community.
