**Host: Andrew Orriss.**

**Innovaré** is a supplier of a Structural Insulated Panel building system, i-SIP. Working with their sister company **I-S Manufacturing**, based at Coventry, they now provide a complete chain of custody of their offer which includes all internal partitions (load bearing and non load bearing), floor cassettes and roof panels/trusses which come together to provide a complete dry structure. Essentially Innovaré Design, Engineering, Manufacture, Supply and Erect.

The recent investment by the Innovaré parent company, Osborne Group, represents a significant step into manufacturing building products for the first time for this South East based contractor.

### **The Programme.**

#### **10 00am.**

Arrive

Tea/coffee/biscuits will be available on arrival.

#### **10:30 am.**

Introduction and a presentation from Buildoffsite followed by a presentation by Innovaré which will explore some of the features of i-SIP construction and why more and more specifiers are changing to SIPs to meet the sustainability agenda.

We will also look at some cost analysis/comparisons to ensure a true commercial assessment can be established.

An overview of the rationale behind the investment into I-S Manufacturing will conclude the presentation section.

#### **12:00 am.**

Factory tour will commence with a safety brief and induction, which will be lead by the I-S Manufacturing Factory Manager Pete Blunt. Depending on numbers this will be split into small groups with additional leaders on hand.

#### **1:00 pm.**

Buffet lunch will be provided

#### **1:30 pm.**

Departure.
