PORTAKABIN JOINS ELITE 15% OF BUSINESSES IN THE UK WITH TOP RATING FOR FINANCIAL STABILITY

Modular building specialist, *Portakabin*, has achieved the highest possible rating from Dun & Bradstreet, the world's leading source of business information. This coveted award puts *Portakabin* in the top 15 per cent of all companies in the UK and Ireland for financial stability.

Dun & Bradstreet provides an independent assessment of all companies, and an internationally-recognised indicator of the risk of failure and credit worthiness. It is a dynamic scoring system that is continuously updated and reflects the most current situation.

The coveted 'rating 1' status, which *Portakabin* has achieved, indicates that the business is low risk and has high creditworthiness.

Commenting on the award, Gareth Jones, Managing Director of Dun & Bradstreet in the UK and Ireland, said, "To achieve 'rating 1' status in one of the worst global economic climates in recent memory, is a fantastic accomplishment, and we wholeheartedly congratulate *Portakabin* on its success."

Mike Williams, General Manager of *Portakabin Hire*, said, "We are absolutely delighted to receive another independently verified endorsement of our business. The award of the highest Dun & Bradstreet rating demonstrates the financial strength of our business, giving customers and suppliers even greater confidence and peace of mind when working with *Portakabin* – and at a time when many companies are struggling to maintain stability and performance."

"The fact that *Portakabin* is now among the elite 15 per cent of all companies in the UK and Ireland is a huge credit to our staff, customers and suppliers."

Portakabin has the reassurance of other independent accreditations which include Buying Solutions – the Government's procurement scheme; ISO 9001 for quality assurance, ISO 14001 for environmental performance, as well as Zurich, BBA, LABC, and CE approvals for its modular buildings.

/continued...

In addition to its financial stability and the quality of its products, *Portakabin* also offers unrivalled commitments to customer service. Over the past four years, it has delivered 99.6 per cent of buildings on time and on budget, rising to an unprecedented 99.9 per cent in the last 12 months.

Editor's Notes

1. *Portakabin* modular buildings offer a range of advantages over site-based construction, including:
 - Programme times reduced by up to 50 per cent
 - Highly flexible and innovative accommodation solutions, such as *Ultima Vision* – a fully glazed modular building available for hire, and *Titan* – the largest single modular building in Europe
 - Enhanced quality and a robust steel-framed construction
 - A sustainable alternative to site-based building methods – less waste, improved building performance and fewer vehicle movements
 - The provision of buildings with significantly less disruption
 - A wide variety of aesthetic and fitting out options to reduce procurement time.
